

Question about Satan and Time

by Kirsten L.

I thought I would just add a few comments about time and how interesting it is to me that over the course of the universe, we have had very LITTLE time. In comparison to when the universe was created, people, meaning *homo sapiens sapiens*, have been here only 50,000-100,000 years out of 13.73 Billion. That means we have occupied the universe for less than 1/600,000 of the entire time since the big bang.

If the entire universe's 13.73 billion years were put into 1 year:

Adam and Eve would have been created approximately 50 seconds before midnight give or take 25,000 years.

Christ was born 17 seconds before midnight.

3 seconds before midnight, the Pilgrims landed on Plymouth Rock.

1 second before midnight, the Civil War began.

1/8 second before midnight, Neil Armstrong walks on the moon.

1/64 second before midnight, we realize that we are having a detrimental effect on the planet dramatically altering the ecological balance of the planet.

If the universe's "time" was based on a year, we (meaning after the Industrial Age begins) would be coming on the scene just a few seconds before midnight!! Think of how much time Satan and his minions have had to "stew", devising plans to conquer each human's spirit, saving up all those fiery darts that coming zinging our way, DAILY!

On the flip side, God had a plan from the VERY BEGINNING! He gave each human an "out". Accepting Jesus as our Savior and God! Submitting to Him in all humility and faith.

Ephesians 6:13-15 (NIV)

Therefore put on the full armor of God, so that when the day of evil comes, you may be able to stand your ground, and after you have done everything, to stand. Stand firm then, with the belt of truth buckled around your waist, with the breastplate of righteousness in place, and with your feet fitted with the readiness that comes from the gospel of peace.
